

RUCD 140 Triangulating Interview Data with Surveys Assignment 5 Rubric

	Exceeds Expectations [100%]	Excellent [95%]	Good [85%]	Acceptable [80%]	Needs Work [55%]	Insufficient [40%]	Absent [0]
Group [100%]	Meets all of the excellent requirements with a high level of polish and execution in the design, flow, and wording of the survey, it required no updates, and it had over 30 responses.	Survey starts with an informed consent question that exits the user out of the survey if they do not consent, survey includes each of the survey questions types required and they are used appropriately, survey questions target gaps/validations as provided in the document from week 4, there are 9 survey questions (not including the informed consent), they are in an order that makes sense and follows the guidelines, demographics are only asked for if they are needed, there are no spelling or grammar mistakes, it was turned in on time including updates if they were needed, and it had a minimum of 30 responses.	Meets all of the requirements for excellent for the most part, but could use some work on wording, or flow, or choice of questions used, or it did not completely address all of the gaps/validation needs from last week, and/or there were up to 3 spelling/grammar mistakes, and/or it only had between 21 and 29 responses	Meets all of the requirements for good for the most part, but there were between 3 and 5 spelling/grammar mistakes, and/or it only had between 15 and 20 responses	Survey is missing key pieces, and/or it does not utilize all of the required question types, and/or it does not flow well, and/or it asks questions that are not needed or do not fit the gaps/validations document from week 4, and/or it had more than 5 spelling/grammar mistakes, and/or it had less than 15 responses	Late	Missing
